

Dr. Daniel Elies

The Cornea, Cataract and Refractive Surgery Department of the IMO, Institute of Ocular Microsurgery

Lecturer in the Cornea and Refractive Surgery Master's Degree and Anterior Segment Master's Degree of the IMO, Institute of Ocular Microsurgery

License Number: 29.831

Currículum

Professional Profile

Partner and doctor specialising in cornea and refractive surgery at the Ocular Microsurgery Institute, professor on the Master's Course in the Anterior Segment and the Master's Course in Cornea and Refractive Surgery run by the IMO and the Faculty of Medicine at the Autonomous University of Barcelona, as well as being a teacher at the ESASO.

He is dedicated to refractive pathologies and refractive surgery. He is an expert in the use of the Excimer and femtosecond laser and a specialist in the implant of intraocular phakic lenses (Artisan-Artiflex), ICL and intrastromal corneal rings.

Training

Bachelor of Medicine and Surgery from the University of Barcelona (1987–1993). Degree awarded by the Ministry of Education and Science in 1993.

Specialist in Ophthalmology, training undertaken at Príncipeps d'Espanya University Hospital – CSU Bellvitge in L'Hospitalet de Llobregat as part of the MIR (residency) programme (January 1995 – December 1998). Degree awarded by the Ministry of Education and Science in 1998.

IMO
instituto de
microcirugía
ocular

Internal Residency Doctor (MIR programme) in the specialisation of Ophthalmology at Príncipeps d'Espanya University Hospital in L'Hospitalet de Llobregat from January 1994.

Training as a paediatric ophthalmologist in August and September 1998 at Sant Joan de Déu Hospital in Barcelona.

Additional training in general and paediatric ophthalmology in October and November 1998 at Germans Trias i Pujol Hospital in Badalona.

Specialisation

He specialises in Cataract Surgery, the Cornea and Refractive corneal and intraocular Surgery with phakic and/or pseudophakic lens implants.

The surgical techniques that he has worked with and researched include the excimer laser technique for corneal surgery, intrastromal corneal ring implants with femtosecond laser (INTRALASE/VISUMAX) and ICL phakic lens implants. He is one of the world's most experienced surgeons in this type of implant surgery.

He also has extensive experience in cataract surgery with small-incision phacoemulsification techniques and the implanting of multifocal lenses to correct presbyopia.

Professional Appointments

Doctor at the ocular traumatology medical centre of ASEPEYO – Barcelona Ophthalmology Institute from 1996 until December 1998.

Staff doctor in the Ophthalmology Department of Germans Trias i Pujol Hospital in Badalona from January 1999 to January 2000.

Ophthalmologist at the Ophthalmology Institute of Barcelona from July 1998 to November 2005.

Care Director at the Comprehensive Ophthalmology Institute and the Clinsafa Ophthalmology Institute of the Corachan and Sagrada Familia clinics from November 2005 to November 2007.

IMO
instituto de
microcirugía
ocular

Ophthalmologist from the Ocular Microsurgery Institute from November 2007 to the present.

Speaker in over 200 Spanish and international courses and conferences.

Trainer/Consultant in implanting ICL, PRL phakic lenses, in drainage devices such as Express and others and trainer in implanting Restore and Tecnis – among others – diffractive and toric lenses.

Affiliations

Full member of the Spanish Ophthalmology Society since January 1997

- American Society of Cataract and Refractive Surgery
- European Society of Cataract and Refractive Surgeons
- Catalan Ophthalmology Society - SCOFT

Publications

Fourteen national and international indexed publications.

Multiple scientific publications not catalogued and collaborator on publishing ophthalmology chapters in more than 10 Spanish and international books.

Member of the medical editorial board of the journal Siete Días Médicos and regular contributor to its ophthalmology section from 1997 to 2000.

Committee member of the Department of Health of the Catalonian Regional Government, involving drawing up protocols and codes of good practice for refractive surgery centres in Catalonia.

Member of the Board for the Emetropia journal Reviewer of the journals from the Spanish Ophthalmology Society and the British Journal of Ophthalmology.
