

ESPACIO  
IMO

IMO  
GRUPO MIRANZA

Instituto de  
microcirugía  
ocular

The **Espacio IMO (IMO Space)** combines versatility, innovation and distinction for film and photo shoots and other events in different formats.

## INNOVATION, ARCHITECTURE AND AVANT-GARDE

**IMO Grupo Miranza Barcelona** is an internationally recognised ophthalmology clinic in which cutting-edge medical and technological breakthroughs converge with **iconic architectural design**.

The building, designed by architect Josep Llinás in 2009, benefits from a prime location in Barcelona and has 1,400 m<sup>2</sup> of surface area to be used as a convention Center: the **Espacio IMO**.

The venue features:

- An auditorium.
- Two adjoining halls (seminar rooms 1 and 2).
- A foyer.
- A spacious, semi-covered outdoor area with a garden.

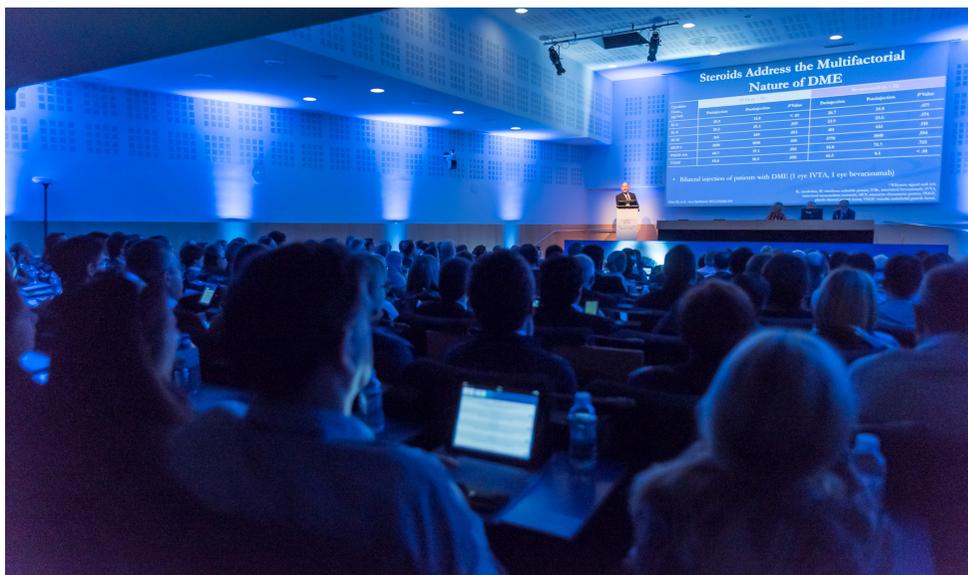

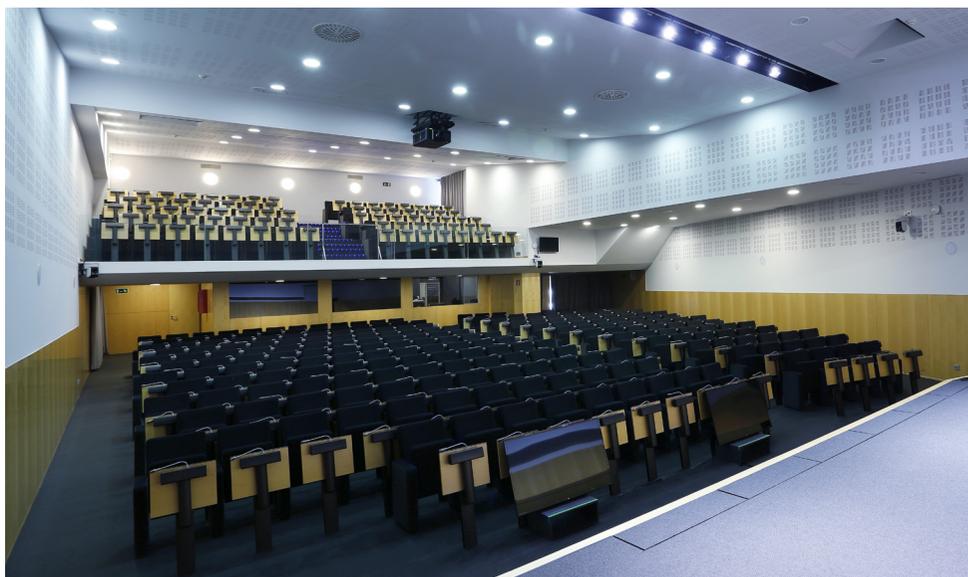

The **Espacio IMO** also offers optional, complementary services, such as catering and parking, both managed by local partners, resulting in integral amenities of the highest quality for guests attending any professional or corporate gathering.

## AN EXCLUSIVE AREA FOR UNIQUE EVENTS

The following is a description of the facilities you'll find at IMO Grupo Miranza Barcelona.

## AUDITORIUM

The auditorium of the **Espacio IMO** is equipped with the latest audiovisual technology. Its versatility makes it ideal for different kinds of events (conferences, conventions, theatrical and corporate events, etc.)

It also includes comfortable seating, folding tables, microphone systems and individual power sockets.

### Main features:

- **Capacity:** 300 people (224 in interior area and 76 in amphitheatre).
- **Format:** Theatre.
- **Projector:** Full HD, 12.000 lúmenes.
- **Other features:** audiovisual control room and two adjoining rooms, ideal for simultaneous interpretation.

## AUDITORIUM

The technical design of the auditorium allows **live broadcasts of surgical procedures performed** at IMO Grupo Miranza Barcelona for viewing at courses, conventions and scientific events.

The adjoining treatment room is ideal for **workshops in which cosmetic and other procedures are broadcast live**, in the auditorium.

### Audiovisual equipment

- Panasonic PT-RZ12K 12,000-lumen projector (compatible with active 3D projection).
- Projection screen, 6 x 4 m
- 3D projection and glasses upon request.
- All seats feature laptop tables equipped with a BOSCH DCN individual microphone system and power sockets.
- Lectern with integrated monitor and microphones.
- Chairperson's table with TFT screens to monitor projections.
- Hand-held and head-worn wireless microphone systems.
- Broadcast connection between the auditorium's audiovisual control and operating theatres for viewing of live surgical procedures.
- The control room is equipped to function as an audiovisual production Center.
- Two booths adjacent to the control room and connected to it by video, audio and network lines are available for simultaneous interpretation and the reception of presentations or any other kind of auxiliary audiovisual facility required.
- Dedicated Wi-Fi available upon request.

## SEMINAR ROOM 1

This room, located a few metres from the auditorium, measures 55 m<sup>2</sup> and is ideal for lectures or **other small corporate events**.

It features a projector, a lectern and sound and presentation equipment. The room is equipped for streaming.

It includes a seating area in which each attendee is provided with a power socket and a laptop table.

- **Capacity:** 40 people.
- **Format:** Theatre.

### Audiovisual equipment:

- NEC 4,000-lumen projector, 1,024 x 768 px.
- Dedicated Wi-Fi (upon request).

## SEMINAR ROOM 2

In addition to the auditorium and seminar room 1, the ground floor features a **multipurpose, open-plan room** measuring 66 m<sup>2</sup> that is ideal for subcommittee meetings and events.

It can also be used for complementary services, such as a back office for catering, or as cloakroom.

The room also includes two sliding doors that are concealed when retracted, thus opening up the room to the adjoining foyer (exhibition hall).

### Main features:

- **Capacity:** 70 people.
- **Format:** theatre (please inquire about other arrangements).

### Audiovisual equipment: (upon request)\*

\*With power and network sockets for the installation of audiovisual or exhibition equipment, with dedicated Wi-Fi available upon request.

## EXHIBITION AREA (FOYER)

The **Espacio IMO** has an indoor exhibition area measuring 175 m<sup>2</sup> which connects the three conference rooms and provides **direct access to the garden**. This multipurpose foyer can accommodate more than a dozen stands and approximately 120 people for cocktail receptions or coffee breaks.

**Capacity:** 120 people (cocktail reception layout).

**Audiovisual equipment:** (upon request)\*.

\*With power and network sockets for the installation of audiovisual or exhibition equipment.

## OUTDOOR AREA (GARDEN)

The **Espacio IMO** has a **685 m<sup>2</sup> outdoor garden area** with views of the building's main structures

This multipurpose area can be used for corporate events, cocktail receptions, lunches and gala dinners.

### Main features:

#### Capacity (in covered area):

- 400 people (cocktail reception layout).
- 200 people (banquet layout).

#### Audiovisual equipment: (upon request)\*.

\*With power and network sockets for the installation of audiovisual or exhibition equipment. Dedicated Wi-Fi is also available upon request.

# OUTDOOR AREA (GARDEN)

## CONFERENCE ROOM

The conference room is on the second floor of IMO Grupo Miranza. Its exceptional location and large windows provide the room with great **luminosity** and stunning views of Barcelona and the sea. The room is furnished with opaque curtains that can be used to restrict the entry of light for optimal projection conditions.

### Main features:

**Capacity:** 20 people (imperial table).

### Audiovisual equipment:

- 65-inch screen.
- Mac mini.
- Cisco Room Kit video-conference system.
- Additional audiovisual equipment available upon request.

## LIBRARY AND TERRACE

The library room is on the third floor. Measuring 210 m<sup>2</sup> and highly versatile, it is ideal for more intimate events.

**With views of the city,** its unique terrace is an ideal setting for meetings in spring and summer.

### Main features:

#### Capacity:

- Terrace: 80 to 100 people, cocktail reception layout.
- Interior room: 70 to 100 people, depending on the arrangement.

#### Audiovisual equipment:

- 65-inch screen.
- Network for connection of equipment.
- Additional audiovisual equipment available upon request.

## IMO SET

The **Espacio IMO** is also available for the recording of different kinds of films and videos (spots, film shoots, etc.) and photo sessions.

The facilities most often used for these purposes are **the garden, the library and the third-floor terrace.**

## OTHER SERVICES

---

### Audiovisual technicians

We work with a team of highly specialised in-house audiovisual technicians to meet the needs of any kind of event, including video control, production and sound, as well as the recording and editing of audiovisual projects.

---

### Catering service and cafeteria

IMO Grupo Miranza has its own cafeteria, which is managed by a well-known catering company. The cafeteria offers an extensive range of culinary options for events, without the need to enter into an exclusivity agreement.

---

### Broad network of collaborators

IMO Grupo Miranza Barcelona works with outside suppliers and providers (interpreters, rental of audiovisual equipment and furniture, etc.) to meet the needs of any event, without the need to enter into an exclusivity agreement.

---

### Car park

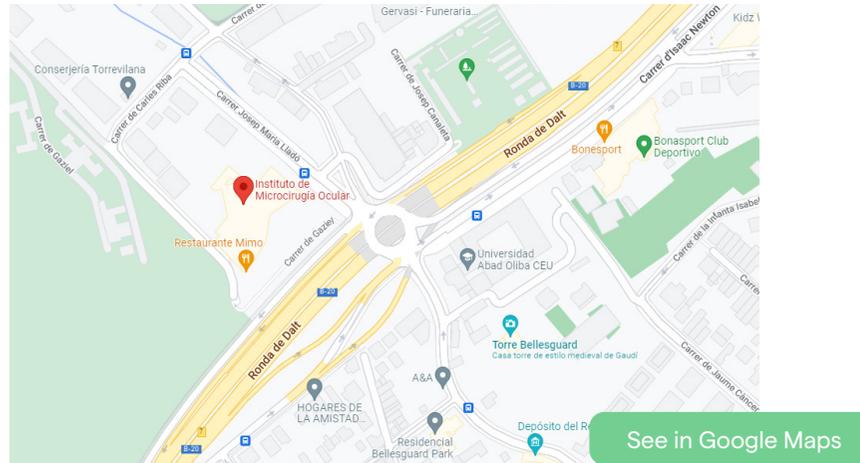

IMO Grupo Miranza has a 200-space, two-level car park that is managed externally.

---

## LOCATION

The **Espacio IMO** is located off **Junction 7 of the Ronda de Dalt** (mountainside). Convenient, easy access from any point in the city, the airport and railway stations.
